

1. The soul is nothing but the living body, with the quality of consciousness says----  
A) Carvaka  
B) Advaita  
C) Buddhism  
D) Dvaita
2. ----- exists before the manifestation of all phenomena.  
A) Rta  
B) Karma  
C) Atman  
D) Brahman
3. Sometimes Carvaka is known as:  
A) Vithanda-vada  
B) Svabhava-vada  
C) Satkarya-vada  
D) None of the above
4. The fallacy of the unproved middle is  
A) Suddha  
B) Kevala  
C) Asiddha  
D) Bhava
5. The qualities mentioned by Kanada are ----- in number.  
A) 10  
B) 12  
C) 15  
D) 17
6. The word “pragabhava” means -----  
A) subsequent non-existence  
B) mutual non-existence  
C) absolute non-existence  
D) antecedent non-existence
7. The two kinds of ordinary pratyaksa according to Nyaya are  
A) manasa and bahya  
B) manasa and viparyaya  
C) bahya and anvaya  
D) anvaya and asama
8. The Nyaya theory of illusion is known as -----  
A) viparitya-khyati  
B) anirvacaniya-khyati  
C) anyatha-khyati  
D) akhyati
9. The knowledge of paksadharmata as qualified by vyapti according to Nyaya is  
A) Kevala  
B) Hetu  
C) Kaivalya  
D) paramarsha
10. The non-equipollent concomitance between two terms is -----  
A) asama-vyapti  
B) visama-vyapti  
C) sama-vyapti  
D) None of the above
11. Indian school of materialism is called:  
A) Buddhism  
B) Jainism  
C) Carvaka  
D) Samkhya

12. The five levels of mental life is known as ----- in Yoga.  
A) chittabhumi                      B) pramana  
C) vikalpa                            D) smrti
13. One of the five kinds of suffering according to Yoga is -----  
A) fear of death                      B) old age  
C) pain                                 D) none of these
14. In Purva-mimamsa, the word “nisedha” means -----  
A) injunctions                        B) prohibitions  
C) actions                              D) knowledge
15. “One who is desirous of heaven is to sacrifice” is a sentence of ----- according to the Mimamsa.  
A) sruti                                 B) mantra  
C) arthavada                         D) vidhi
16. The main subject matter of Mimamsa is -----  
A) Dharma            B) Karma            C) Jnana            D) Bhakti
17. The word “ apurva” means  
A) seen potency                        B) unseen potency  
C) unique                                D) knowledge
18. According to Ramanuja, the four manifestations of Narayana is called -----  
A) Vyuha                                 B) Apara  
C) Baddha                                D) Nitya-mukta
19. The word “ pratibhasikasatta” means -----  
A) Nonexistence                        B) Real existence

A) experience                                      B) harmony  
C) idea                                      D) monad
46. Self is simply a 'bundle of perceptions' according to:  
A) David Hume                                      B) John Locke  
C) Bertrand Russell                                      D) Ludwig Wittgenstein
47. Descartes calls his inquiry as -----  
A) Universal Logic                                      B) Universal Mathematics  
C) Universal Science                                      D) Universal Knowledge

48. Kant is interested in:  
A) Apriori conditions of knowledge  
B) Denying knowledge  
C) Asserting knowledge  
D) Criticising knowledge
49. “Every determination is-----”, says Spinoza.  
A) negation  
B) affirmation  
C) true  
D) false
50. The word ----- in Spinoza means that the substance is self-determined and self-contained and nothing can affect or modify it.  
A) Causasui  
B) Natura  
C) Mode  
D) Intuition
51. The ‘Ten Commandments of Yoga’ are referred to as:  
A) Yama and niyama  
B) Yama and samadhi  
C) Niyama and asana  
D) Dharana and dhyana
52. The primary qualities accepted by Locke are -----  
A) five  
B) two  
C) three  
D) six
53. ----- is the work of Berkeley.  
A) *Philosophical Investigations*  
B) *Meditations*  
C) *Language, Truth and Logic*  
D) *Principle of Human Understanding*
54. ----- is an abstract idea according to Berkeley  
A) Spirit  
B) Matter  
C) Knowledge  
D) Experience
55. The book, *Philosophy and Logical Syntax* was written by  
A) Wittgenstein  
B) A.J. Ayer  
C) Carnap  
D) Hegel
56. The original stuff of thought is ----- says Hume.  
A) impression  
B) simple ideas  
C) self  
D) cause
57. For Hume, ----- is not a quality in the objects we observe but is rather a “habit of association”.  
A) consciousness  
B) thinking  
C) idea  
D) causality
58. All ----- statements are universally and necessarily true.  
A) analytic  
B) synthetic  
C) cognitive  
D) non-cognitive

59. 'Confusions arise not when language is doing work, but only when it is like an engine idling'- according to:  
A) Russell                                              B) A.J. Ayer  
C) Wittgenstein                                              D) Hegel
60. According to Plato, ----- is attained only when each part of the soul is fulfilling its own function.  
A) knowledge    B) idea                      C) virtue                      D) truth
61. "No elephants are reptiles" is an example of:  
A) Universal affirmative                      B) Universal negative  
C) Particular affirmative                      D) Particular negative
62. "Every person is responsible for his actions" is converted in the following standard form:  
A) No persons are responsible for their actions  
B) Some persons are responsible for their actions  
C) All persons are responsible for their actions  
D) Some persons are not responsible for their actions
63. The 'canons of induction' are formulated by:  
A) J.S.Mill                                              B) Bacon  
C) Aristotle                                              D) Newton
64. Any two categorical statements are said to be in opposition when they have both---  
A) Same subject and same predicate  
B) Different subject and same predicate  
C) Neither same subject nor same predicate  
D) None of these
65. The contradictory of "All students are invited" is  
A) Some students are invited    B) Some students are not invited  
C) No students are invited    D) No invitees are students
66. Truth Table is a tool to establish-----  
A) Arguments                                              B) Argument forms  
C) Validity or invalidity                                              D) None of these
67. If we change the quality of any categorical statement and replace the predicate term with its complement, we ----- it.  
A) convert                                              B) obvert  
C) contra positive                                              D) both convert and obvert
68. The symbolic notation of the statement: 'I will study hard and I will either pass the exam or fail' is:  
A) S. (P ∨ F)                                              B) S. P ∨ F  
C) (S.P) ∨ F                                              D) S ∨ P.F

69. All bright things dazzle the eye  
That boy is bright  
-----  
Therefore that boy dazzles the eye
- The above argument commits the fallacy of -----  
 A) Undistributed middle                      B) Illicit major  
 C) Illicit minor                                  D) Four terms
70. The hypothetical propositions have the following form:  
 A) Either--- Or                                  B) If --- then  
 C) Neither --- nor                              D) If --- and only if
71. If A & B are true statements and X & Y are false statements, the value of  
(A. X)  $\vee$  (B.Y) is:  
 A) True                                              B) False  
 C) Doubtful                                      D) Probable
72. In the valid mixed hypothetical syllogism we -----  
 A) Either affirm the antecedent or deny the consequent  
 B) Neither affirm the antecedent nor deny the consequent  
 C) Both affirm the antecedent and deny the consequent  
 D) None of these
73. Predicate term is distributed in both:  
 A) E & O Props                                  B) A & E Props  
 C) A & I Props                                  D) I & O Props
74. The types of dilemmas are ----- in number  
 A) Two                                              B) four                                              C) eight                                              D) three
75. Syllogism is a kind of:  
 A) Philosophical method                      B) Argument  
 C) Philosophical style                         D) Philosophical theory
76. The stages in scientific induction include:  
 A) Observation and Experiment              B) Obversion and conversion  
 C) Contrary and sub-contrary              D) Distribution and undistribution
77. Only positive instances are taken into account in Mills method of -----  
 A) Disagreement  
 B) Agreement  
 C) Both agreement and disagreement  
 D) Elimination
78. Which of the following is not a fundamental idea of Satyagraha?  
 A) There is evil in the world  
 B) Evil must be overcome  
 C) Evil can be overcome by violence  
 D) Evil can be overcome by patient suffering

79. ----- is the mental process by which a conclusion is drawn from given statements  
 A) Inference B) Analogy  
 C) Causation D) Distribution
80. Symbolic logic is the ----- method  
 A) inductive  
 B) deductive  
 C) both deductive and inductive  
 D) None of these
81. In symbolic logic, the sign  $\vee$  stands for -----  
 A) negation B) implication  
 C) conjunction D) disjunction
82. A ----- compound proposition is true if and only if both parts of the proposition are true.  
 A) disjunctive B) negative  
 C) conjunctive D) material implicative
83. The symbol  $\supset$  is used in the case of  
 A) either –or B) negative  
 C) if – then D) neither –nor
84. The  $\sim$  symbol is known as ----- operator.  
 A) dyadic B) monadic  
 C) non-monadic D) triadic
85.  $\sim p \vee (p \vee q)$  is  
 A) contradiction B) tautology  
 C) contingent D) non-tautology
86. ----- is not a variety of hedonism:.  
 A) Psychological hedonism B) Ethical hedonism  
 C) Egoistic hedonism D) Formalism
87. One of the principles of Professional Ethics is -----  
 A) transparency B) perception  
 C) commitment D) Silence
88. The ethical theory of emotivism is advocated by:  
 A) Pragmatism B) Existentialism  
 C) Logical Positivism D) Realism
89. At first the cardinal virtues are discussed by -----  
 A) Plato B) Socrates  
 C) Aristotle D) Kant
90. Standard as perfection is advocated by:  
 A) Bentham B) Bradley C) Sidgwick D) Green

91. Prudence is also known as -----  
 A) knowledge B) intelligence C) truth D) wisdom
92. Normative sciences are concerned with:  
 A) Uniformities of experience  
 B) Standards of value  
 C) Simple apprehension of what exists  
 D) Definite result
93. Right to ----- is a fundamental right.  
 A) equality B) property C) speak D) write
94. The world of morality is unconditional according to:  
 A) Kant B) J.S. Mill  
 C) Bentham D) Spencer
95. ----- theory of punishment uses the person to sentence for a crime as an example to induce the public to refrain from criminal conduct.  
 A) Retributive B) Reformative  
 C) Deterrence D) Capital
96. ----- theory believes that no one is born a criminal.  
 A) Deterrent B) Reformative  
 C) Retributive D) None of these
97. “Let the punishment fit the crime” says ----- theory of punishment  
 A) Retributive B) Reformative  
 C) Capital D) Deterrent
98. Which of the following is not accepted in existentialism?  
 A) Centrality of personal choice  
 B) Priority of existence over essence  
 C) The ultimate absurdity of all human effort  
 D) Logical and universal basis for morality
99. The book, *Principia Ethica* was written by:  
 A) J.S. Mill B) Bentham C) Kant D) Moore
100. ----- holds that moral judgments can be known and that moral beliefs are true or false.  
 A) Emotivism B) Ethical skepticism  
 C) Cognitivism D) Consequentialism
101. J.S. Mill advocated the theory of:  
 A) Formalism  
 B) Utilitarianism  
 C) Intuitionism  
 D) Evolutionism

102. ----- according to Kant is the necessity of an action from respect for law.  
 A) Truth                    B) Knowledge    C) Imperative    D) Duty
103. The elements accepted in Carvaka System are:  
 A) Earth, water, air & ether      B) Water, air, ether & fire  
 C) Air, fire, ether & earth        D) Earth, water, air & fire
104. According to M.N. Roy, the triple eternal attributes of man are -----  
 A) Reason, morality and freedom  
 B) Reason, morality and power  
 C) Morality, power and reason  
 D) Reason, power and morality
105. The work, *Methods of Ethics* was written by -----  
 A) J.S. Mill                              B) Sidgwick  
 C) Bentham                              D) A.J. Ayer
106. The method of bracketing is associated with:  
 A) Husserl                              B) Brentano  
 C) Socrates                              D) Zeno
107. “Nature has placed mankind under the governance of two sovereign masters, namely -----”  
 A) ignorance and knowledge      B) truth and falsity  
 C) pain and pleasure                D) right and wrong
108. The quantitative method of inductive inference is:  
 A) Method of Agreement            B) Method of disagreement  
 C) Method of Residues              D) Method of Concomitant Variation
109. The right to life, liberty and ----- are the three kinds of natural rights.  
 A) speak                                B) work  
 C) property                              D) education
110. The Logical Positivists made a distinction between cognitive and ----- meaning.  
 A) emotive                              B) non-cognitive  
 C) non-emotive                        D) None of these
111. “ -----reveals nothing” says Heidegger.  
 A) Death                                B) Being  
 C) Dread                                 D) Non-being
112. The word “Being –there” is referred by the term -----  
 A) Dasein                                B) Dread  
 C) Bad faith                            D) Intentionality
113. Moore refutes Idealism to prove that the objects in the external world does not depend in any way on human -----  
 A) knowledge                            B) perception  
 C) experience                            D) intellect
